

WINFOCUS World Symposium 2023

PROGRAM AT GLANCE - December 2nd

(All sessions will be shown in Central European time (GMT+1))

TIME	TRACK ONE
8:15h	WF world symposium Welcome
8:20h	Presidential address
8:35h	Congress soundtrack
8:40h	Keynote address
8:45h	Symposium soundtrack
9:00h - 11:00h	Ultrasound and fluids Olusanya, Segun
9:00h	Ultrasound and giving fluids Nish, Desai
9:15h	Ultrasound and de-resuscitation Wiskar, Katie
9:30h	Perfusion and congestion - a balancing act Corradi, Francesco
9:45 h	VEXUS - everyone is talking about it. The new IVC? Olusanya, Segun
10:00h	LIVE Panel discussion and Q&A: Optimising organ perfusion Corradi, Francesco
11:00h - 13:00h	Lines, drains, and sharp objects Zawadka, Mateusz
11:00h	It is time for the ultrasound guided axillary vein access Czarnik, Tomasz
11:15h	Microskills in ultrasound guided access Borgquist, Ola
11:30h	The forgotten landmark techniques Balan, Cosmin
11:45 h	Day-to-day practice in ICU - how to teach? Fazzi, Brigitta
12:00h	LIVE Panel discussion and Q&A: Debate - In this day and age, landmark-based technique is indefensible Moderators' (TBC)
13:00h - 14:00h	LUNCH BREAK
14:00h - 16:00h	POCUS for non-acute diseases Wong, Adrian
14:00h	Lessons from Radiology - contrast ultrasound Yusuf, Timothy
14:15h	Ultrasound for gastric and nutritional assessment Calatayud, Angel
14:30h	Ultrasound and sleep apnoea Cortesao, Nuno
14:45h	Ultrasound in COPD Baker, Kylie & Kwan, Ben
15:00h	LIVE Panel discussion and Q&A Moderators' (TBC)
16:00h - 17:00h	Research Prioritisation Goffi, Alberto
16:00h	Infection control in ultrasound department Mohamed, Muna
16:15h	Correlation flow - cerebral oxygen metabolism and difference arterio - cerebral venous CO2 in neurocritical patients Abdo, Anselmo
16:30h	Globally who might benefit most within the spectrum of accuracy and timely patient care by PoCUS and what should be those metrics to prove it? NG, Kendy
16:45 h	LIVE Panel discussion and Q&A Moderators' (TBC)
17:00h- 18:00h	Member's Choice Wong, Adrian
17:00h	Proposal TBC Speaker TBC
17:15 h	Proposal TBC Speaker TBC
17:30h	Proposal TBC Speaker TBC
17:45h	LIVE Panel discussion and Q&A Moderators' (TBC)
18:00h - 20:00h	Beyond core, Co Ultra Noor, Julina
18:00h	Role of us in diaphragmatic protective ventilatory strategy Ha, Young Rock
18:15h	TCD in acute stroke: predicting successful intervention Sarwal, Aarti
18:30h	Systematic ultrasound in optimizing physiologically difficult airway Roslan, Nurul Liana
18:45h	Lung ultrasound - what next? Mongodi, Silvia
19:00h	LIVE Panel discussion and Q&A: What next? Advanced skillset Moderators' (TBC)
20:00h - 20:15h	CLOSING

TIME	TRACK TWO
8:15h	WF world symposium Welcome
8:20h	Presidential address
8:35h	Congress soundtrack
8:40h	Keynote address
8:45h	Symposium soundtrack
9:00h - 11:00h	How we learn and pushing the boundaries of 'core' skills Teng, David
9:00h	The basics: how we learn Speaker (TBC)
9:15h	How to apply theory to practice - POCUS: What media and mediums we can use - Engagement and active learning Speaker (TBC)
9:30h	Standardization of training Speaker (TBC)
9:45 h	POCUS - Gaming theory Speaker (TBC)
10:00h	Unique teaching styles - How the world is teaching POCUS Speaker (TBC)
11:00h - 13:00h	How I use ultrasound in.... Via, Gabriele
11:00h	Cardiogenic shock Tavazzi, Guido
11:15h	Acute kidney injury Vieira, Ana Luisa
11:30h	Traumatic brain injury Bertuetti, Rita
11:45 h	Acute respiratory failure Laursen, Christian
12:00h	LIVE Panel discussion and Q&A - How I use ultrasound in ... Moderators' (TBC)
13:00h - 14:00h	LUNCH BREAK
14:00h - 16:00h	POCUS procedure revolution: AI leading the way! Shokoohi, Hamid
14:00h	Nail-the-Needle: AI-guide needle localization in POCUS Blaivas, Michael
14:15h	Advancements in AI-POCUS: Spine ultrasound and lumbar puncture Ungi, Tamas
14:30h	Embarking on an AI-POCUS journey: Where to begin? Goldsmith Andrew
14:45h	AI-power up: POCUS devices and clinical applications Shokoohi Hamid
15:00h	LIVE Panel discussion and Q&A Moderators' (TBC)
16:00h - 18:00h	Ultrasonido en trauma Umaña, Marco
16:00h	Bloqueo nervioso en trauma Alvarez, Rodrigo
16:10h	Preguntas y respuestas Carvajal, Gabriel & Campos Linares, Ricardo
16:20h	Trauma pulmonar Rodríguez, Shalim
16:30 h	Preguntas y respuestas Barca, Diego & García, Ivan
16:40h	Neurotrauma Urrego, Alejandro
16:50h	Preguntas y respuestas Cantillano, Mauricio
17:00h - 18:00h	POCUS POTPURRI Calderón, Juan Antonio
17:00h	Emergencias ginecobstétricas Hurtado, Laura
17:20h	Status y desarrollo del POCUS en Latinoamérica Retamal, José
17:30h	Preguntas y respuestas Prieto, José Luis & Carvajal, Gabriel
17:40h	Evaluación de la volemia y sobrecarga de fluidos Yazcık, Sandoval
17:50h	Preguntas y respuestas Bravo, Pablo & Alonso, Jose
18:00h - 20:00h	Portugese Session Vieira, Ana Luisa
18:00h	Ecografia no desmame ventilatório Farani, Marcelo
18:15h	Medição do VTI Barros, Rui
18:30h	Aspectos práticos do protocolo VEXUS Souza, Tiago
18:45h	Analgesia regional Rebello, Humberto
19:00h	LIVE Panel discussion and Q&A Vieira, Ana Luisa
20:00h - 20:15h	CLOSING
