

PROGRAM AT GLANCE - December 2nd

(All sessions will be shown in Central European time (GMT+1))

TIME TRACK ONE

8:30h	Welcome & Presidential address
8:40h	Keynote address
9:00h	Ultrasound and fluids
11:00h	Chair: Olusanya, Segun (London, United Kingdom - Intensive Care Medicine)
9:00h	Ultrasound and predicting fluid responsiveness Conway, Hannah (London, United Kingdom - Critical Care Medicine)
9:15h	Ultrasound and de-resuscitation Beaubien-Souligny, William (Vancouver, Canada - Intensive Care Medicine)
9:30h	Perfusion and congestion - a balancing act Corradi, Francesco (Pisa, Italy - Anesthesia, Intensive Care and Internal Medicine)
9:45 h	VEXUS - everyone is talking about it. The new IVC Olusanya, Segun (London, United Kingdom - Intensive Care Medicine)
10:00h	LIVE panel discussion and Q&A: Optimising organ perfusion
11:00h	Lines, drains, and sharp objects
13:00h	Chair: Zawadka, Mateusz (Warsaw, Poland - Anaesthesia and Intensive Care Medicine)
11:00h	It is time for the ultrasound guided axillary vein access Czarnik, Tomasz (Warsaw, Poland - Anaesthesia and Intensive Care Medicine)
11:15h	Microskills in ultrasound guided access Borgquist, Ola (Lund, Sweden - Anaesthesia and Intensive Care Medicine)
11:30h	The forgotten landmark techniques Balan, Cosmin (Bucarest, Romania - Anaesthesia and Intensive Care Medicine)
11:45h	Day-to-day practice in ICU - how to teach? Fazzini, Brigitta (London, United Kingdom - Critical Care and Perioperative Medicine)
12:00h	LIVE panel discussion and Q&A: Debate - In this day and age, landmark-based technique is indefensible Avila, Jaily (California, United States)
13:00h	LUNCH BREAK
14:00h	PoCUS for non-acute diseases
16:00h	Chair: Wong, Adrian (London, United Kingdom - Anaesthesia and Intensive Care Medicine)

TIME TRACK TWO

8:30h	Welcome & Presidential address
8:40h	Keynote address
9:00h	PoCUS Education: How we learn and how we teach - Chair: Teng, David (New York, United States - Pediatric Emergency Medicine)
9:00h	Introduction Teng, David (New York, United States)
9:01h	Pediatric PoCUS update Tay, Ee (New York, United States)
9:16h	Kolb education model Nelson, Bret (New York, United States)
9:36 h	PoCUS experience - Delhi, India Gupta, Dhiren (New Delhi, India)
9:51h	PoCUS experience - Mexico Eva, Tovar & Reyna, Huerta & Mandeep, Dillhon (Tijuana, Mexico & Guadalajara, Mexico & Tlapa, Mexico)
10:06h	PoCUS experience - England McCreary, David (Newcastle, United Kingdom)
10:21h	Pediatric PoCUS training in Malaysia and Vietnam Yek Kee, Chor & Thanh Son, Chu (Sarawak, Malaysia & Hanoi, Vietnam)
10:36h	Pediatric emergency PoCUS educational collaborative Chicaiza, Henry (Washington, United States)
11:00h	How I use ultrasound in...
13:00h	Chair: Via, Gabriele (Lugano, Switzerland - Anaesthesia and Intensive Care Medicine)
11:00h	Cardiogenic shock Tavazzi, Guido (Pavia, Italy - Anaesthesia and Intensive Care Medicine)
11:15h	Acute kidney injury Vieira, Ana Luisa (Barbacena, Brasil - Nephrologist)
11:30h	Traumatic brain injury Bertuetti, Rita (Brescia, Italy - Anaesthesia and Intensive Care Medicine)
11:45h	Acute respiratory failure Laursen, Christian (Denmark - Respiratory Medicine)
12:00h	LIVE panel discussion and Q&A
13:00h	LUNCH BREAK
14:00h	PoCUS procedure revolution: AI leading the way!
16:00h	Chair: Shokoohi, Hamid (Boston, United States - Emergency Medicine)

14:00h	Lessons from radiology - contrast ultrasound Yusuff, Timothy (Bromley, United Kingdom - Radiology)	14:00h	Nail-the-needle: AI-guide needle localization in PoCUS Blaivas, Michael (North Carolina, United States - Emergency Medicine)
14:15h	Ultrasound for gastric and nutritional assessment Calatayud, Angel (Mexico city, Mexic - Emergency and Critical Care Medicine)	14:15h	Advancements in AI-PoCUS: spine ultrasound and lumbar puncture - Ungi, Tamas (Kingston ONT, Canada - Emergency and Critical Care Medicine)
14:30h	Ultrasound and sleep apnoea Cortêsão, Nuno (Lisbon, Portugal - Pulmonology and Intensive Care Medicine)	14:30h	AI in point of care ultrasound. Where are we going? Goldsmith Andrew (Boston, MA, United States - Emergency Medicine)
14:45h	When do B lines let you down Baker, Kylie & Kwan, Ben (Sydney, Australia - Emergency Medicine - Respiratory Medicine)	14:45h	AI-power up: PoCUS devices and clinical applications Shokoohi Hamid (Boston, United States - Emergency Medicine)
15:00h	LIVE panel discussion and Q&A	15:00h	LIVE panel discussion and Q&A
16:00h	Research Prioritisation	16:00h	Ultrasonido en trauma
17:00h	Chair: Goffi, Alberto (Toronto, Canada. - General Internal Medicine and Critical Care Medicine)	17:00h	Chair: Umaña, Marco (San José, Costa Rica - Emergency Medicine)
16:00h	Infection control in ultrasound department Mohamed, Muna (Riyadh, Saudi Arabia)	16:00h	Bloqueo nervioso en trauma Alvarez, Rodrigo (Puebla, Mexico - Anaesthesia and Intensive Care Medicine)
16:15h	Utility of point of care diaphragm ultrasound in patients presenting with symptomatic organophospha-te poisoning - Venter, Jakus (Johannesburg, South Africa)	16:10h	Preguntas y respuestas Carvajal, Gabriel & Campos Linares, Ricardo & Jara, Fernando Esteban (Puebla, Mexico & Sant José, Costa Rica & Quito, Ecuador)
16:30h	Correlation flow - cerebral oxygen metabolism and difference arterio - cerebral venous CO2 in neurocritical patients - Abdo, Anselmo (Havana, Cuba)	16:20h	Ultrasonido pulmonar en trauma Rodríguez, Shalim (Lima, Perú - Intensive Care and Critical Care Medicine)
16:45 h	LIVE panel discussion and Q&A	16:30h	Preguntas y respuestas Barca, Diego & Garcia, Ivan & Hernández, Morales
		16:40h	Ecografía en el paciente neurocrítico Urrego, Alejandro (Bogota, Colombia - Emergencias, Critical Medicine and Intensive Care Medicine)
		17:00h	Preguntas y respuestas Cantillano, Mauricio & Ballina, Javier Ruiz
17:00h	Member's Choice	17:00h	PoCUS POTPURRI
18:00h	Chair: Wong, Adrian (London, United Kingdom - Anaesthesia and Intensive Care Medicine)	18:00h	Chair: Calderón, Juan Antonio (Monterrey, Mexico - Intensive Care Medicine)
17:00h	How to do: transcranial doppler Galarza, Laura (Castellon, Spain)	17:10h	Emergencias ginecobstétricas Hurtado, Laura (Buenos Aires, Argentina - Pediatric sonologist)
17:15 h	Divert death from Dyspnea Frenkel, Oron (Vancouver, Canada)	17:20h	Status y desarrollo del PoCUS en Latinoamérica Retamal, José (Recoleta, Chile - Emergency Medicine)
17:30h	Ultrasound approach to undifferentiated fever in ICU D-Costa, Pradeep (Pune, India)	17:30h	Preguntas y respuestas Prieto, José Luis & Carvajal, Gabriel
17:45h	LIVE panel discussion and Q&A	17:40h	Evaluación de la volemia y sobrecarga de fluidos Yazcitrk, Sandoval (Lima, Peru - Perioperative Cardiology)
		17:50h	Preguntas y respuestas Bravo, Pablo & Alonso, Jose

18:00h **Beyond core, go ultra**

20:00h **Chair: Noor, Julina**

(Kuala Lumpur, Malaysia - Emergency Medicine)

18:00h - **Portuguese Session**

20:00h **Chair: Vieira, Ana Luisa & Cortesão, Nuno**

(Barbacena, Brasil - Nephrologist & Lisbon, Portugal - Pulmonology and Intensive Care Medicine)

18:00h **The sequence of multi organ PoCUS in shock**

Ha, Young-Rock

(Seoul, Korea - Emergency and Critical Care Medicine)

18:10h **Ecografia no desmame ventilatório**

Farani, Marcelo

(Salvador, Brazil - Intensive Care Medicine)

18:15h **TCD in acute stroke: predicting successful intervention**

Sarwal, Aarti (North Carolina, United States - Neurology and Neurocritical Care Medicine)

18:20h **Medição do VTI**

Barros, Rui

(Porto, Portugal - Internal Medicine)

18:30h **Systematic ultrasound in optimizing physiologically difficult airway - Roslan, Nurul Liana**

(Kuala Lumpur, Malaysia - Emergency Medicine)

18:30h **Aspectos práticos do protocolo VExUS**

Souza, Tiago

(Campinas, Brazil - Pediatric Critical Care Medicine)

18:45h **Lung ultrasound - what next**

Mongodi, Silvia

(Pavia, Italy - Intensive Care Medicine)

18:40h **Analgesia regional**

Rebello, Humberto

(Porto, Portugal - Anesthesia Medicine)

19:00h **LIVE panel discussion and Q&A**

18:50h **LIVE panel discussion and Q&A**

20:00h **CLOSING**

20:15h

20:00h **CLOSING**

20:15h
